

Perdüre UMC_(SC, TG, CO)

polyurethane modified concrete

by **düraamen**

available colors

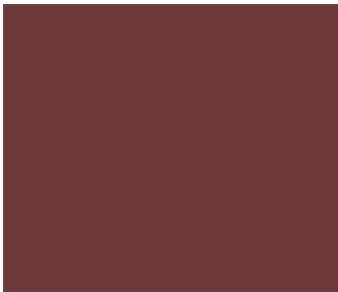

dark blue

light blue

yellow

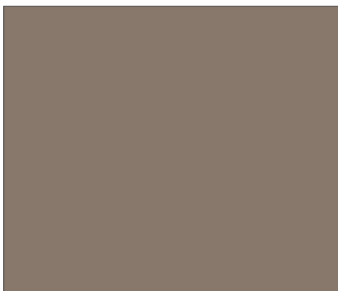

quarry red

brick red

gray

light amber

black

green

When selecting the Perdüre UMC Colors for your application, please take time to carefully consider:

1. **APPEARANCE:** Light colors tend to show more "shadow" than varied ones.
2. **TRAFFIC & MAINTENANCE:** Wheel marks and dirt naturally show up more on pale colors than on varied ones.
3. **SPILLAGE:** What might be most commonly spilled on the floor? Consult your düraamen representative to determine the degree of chemical resistance you may require prior to selection of the system.

düraamen provides this color guide for preliminary color selection only. Please refer to a physical sample prior to making a final selection. Contact düraamen for assistance.
